**NOTICE OF EXTENSION OF TIME FOR PUBLIC COMMENT
DRAFT TRIBAL ENVIRONMENTAL IMPACT REPORT**

**PINOLEVILLE POMO NATION
MENDOCINO COUNTY, CALIFORNIA**

The Pinoleville Pomo Nation has followed the process outlined in the Tribal/State Compact on the preparation of a Tribal Environmental Impact Report. Under the compact, the public comment period for the draft TEIR is 45 days, which would have ended on July 11, 2010. Today, the Tribe, at the request of the County, agreed to extend the comment period by an additional 30 days, to August 10, 2010. This extension should allow all interested parties sufficient time to fully review the environmental document and to prepare any relevant comments. The Tribe has also posted the draft TEIR on its website, www.pinoleville-nsn.us. It is the intent of both the Tribe and the County to provide the public ample opportunity to address any potential off-reservation impacts from the proposed casino project.
