Mendocino County Bookmobile Outreach Expansion

Mendocino County Library is excited to announce the expansion of its Bookmobile outreach services to provide better library access for the elderly members of our community. Currently, the Bookmobile has collaborated with four retirement and rehabilitation facilities in the Ukiah area to provide lobby stops every other week for their residents. Mountain View Assisted Living, Brookside Retirement, Redwood Cove Healthcare Center, and Ukiah Post Acute will all be working with the Bookmobile for this program.

To do this, the Bookmobile is bringing carts and tables loaded with books, DVDs and audiobooks for the residents to browse, check-out, and return right there. Because the Bookmobile is a branch of the County Library system, residents can also request items to be brought to them from any Mendocino, Lake, or Sonoma County library as well.

The Bookmobile will be visiting Mountain View Assisted Living between 11:00am-12:00pm and Brookside Retirement from 1:30pm-2:30pm every other Friday. The next scheduled visit will be on September 5, 2014. On the alternate Friday, it will visit the residents at Ukiah Post Acute from 12:15pm-1:15pm and Redwood Cove Healthcare Center from 1:30pm-2:30pm with the next scheduled visit on September 12, 2014. For more information, please check out the Bookmobile's full schedule available on the Mendocino County Library's homepage at Mendolibrary.org.
