Adult Drug Court Enhancement	0493
AT HOME	0494

PROGRAM DISCUSSION

Programs: Community Health Services Administration Division is in partnership with the community to promote and safeguard the health and wellness of the people of Mendocino County. The Administration Division is responsible for the oversight of all Community Health Services programs through policy development, leadership, fiscal management and technical assistance. In addition to oversight, the Administration Division provides vital statistics; data collection and reporting; chronic disease, tobacco and injury prevention; medical marijuana identification cards; and disaster preparedness.

Public Trust: Provide consistent and accurate education to the public on issues relevant to the health of the community through direct interaction and use of the media. Provide oversight to internal and external partners through use of consistent communication and audit tools that assure that funds are distributed fairly and utilized in a prudent and conservative manner.

Practices: Promote community collaboration throughout the Community Health Services Branch reaching out to our community partners to stretch available funding to its maximum potential. Provide education to community on health issues that are relevant to factors within the community by keeping abreast of local and national

trends in regard to the health and well-being of our residents.

People: Support and develop capable managers and staff through educational opportunities. Strive to empower and inspire staff through shared vision and goals.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Worked within the agency to continue to develop systems of care approach to service delivery, and restructured infrastructure of the branch to begin development of a new prevention unit. Worked on strategy and visioning for this newly formed unit and initiated projects around chronic disease, access to healthy food, built environment and access to care just to name a few.

Public Trust: Participated in local and statewide disaster preparedness activities. Continually educated the community on health issues in the priority areas of access to care, aging, alcohol and other drugs and healthy lifestyles.

Practices: Participated in multiple community health related committees.

People: Instituted a Community Health Cabinet representative of staff and community partners who assist with the vision and strategic planning of the branch.

HEALTH & HUMAN SERVICES AGENCY

COMMUNITY HEALTH SERVICES4010

CARMEL ANGELO, Director

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Continue participation in the Health and Human Services Agency integration. Implement increased strategies around population based prevention activities. Educate the community on preventive measures to decrease the effects of climate change. Begin steps to reorganize the community health status report to be more reflective of all agency services.

Public Trust: Identify funding opportunities for sustaining Public Health activities and services. Continue to prepare the county for public health emergencies.

Practices: Continue to increase focus on chronic disease and injury prevention. Provide collaboration and leadership at the county and state levels to improve quality and availability of services. Collaborate with community partners to address needs of priority populations, provide education and resources to the public, identify and prioritize health issues and collaboratively respond to community needs.

People: Continue to focus on transparency regarding agency development and change to ensure staff confidence and trust. Participate in agency wide training curriculum for all staff and supervisors.

STAFFING CHART

PROGRAM CHART

SUMMARY OF MAJOR BUDGET ACCOUNTS

Salaries & Employee Benefits

- ◇ Acct. 1011 Provides funding for 48.6 positions including grants.

Services & Supplies

- ◇ Acct. 2170 Includes printing Community Health Status Report.
- ◇ Acct. 2239 West Nile Virus (supplies, educational materials).

Revenues

- ◇ Acct. 5341 Provides for Public Health Realignment revenue.
- ◇ Acct. 7700 Provides for Administrative reimbursements from various grant budgets.

CEO RECOMMENDED BUDGET COMMENTS

The CEO recommends funding as submitted by the Department. This budget maintains a Maintenance of Effort (MOE) of \$21,249.

ENVIRONMENTAL HEALTH4011

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The Division of Environmental Health (DEH) provides a wide variety of environmental health services in 14 different program areas in order to safeguard the public from diseases and health hazards related to water, food, sewage, hazardous materials, solid waste, and other environmental exposures.

Public Trust: DEH promotes education and prevention as the Division's primary goal. Education and outreach are provided in various program areas such as food safety, vector control, ocean water quality, and emergency response related to illegal commercial drug operations and their impact on the environment. DEH staff realizes the importance of quality customer service and routinely work with the public on permitting and compliance issues.

Practices: DEH issues permits or approvals and conducts inspections and investigations in the following areas: land divisions and developments, septic systems, wells, food facilities, pools and spas, state small water systems, businesses that handle or store hazardous materials and waste, landfills, transfer stations, and composting facilities. DEH provides emergency response to hazardous material releases and also assists in administering the County rabies exposure program.

People: DEH acknowledges the value of its employees. Staff is encouraged to participate in decisions related to their work since their knowledge and understanding are valuable to the organization. Staff is provided training and work opportunities that support personal and professional growth.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: DEH was able to secure grants to conduct weekly ocean water sampling at several popular coastal beaches, inspect waste tire facilities, and solid waste disposal facilities. The Land Use Program completed a process improvement and implemented several work efficiencies to address workload issues. Policies were developed to better clarify protocol for boundary line adjustments, and the development of second residential units. A pilot project was also approved to evaluate the effectiveness of gray water recycling for toilet flushing. Quarterly Land Use stakeholders meetings were held to get input from private sector partners. The Consumer Protection Program continues to conduct monthly food handler certification classes. The Hazardous Materials-Solid Waste Program oversaw the removal of approximately 50,000 waste tires from Anderson Valley, and assisted in the removal of hazardous

materials found at 15 large scale marijuana operations. There continues to be improved accountability of services and program effectiveness with computer upgrading. In response to state mandate, DEH continues to provide information to the agricultural community on hazardous materials handling and storage, and are gradually bringing facilities into the permitting process.

Public Trust: DEH participated in a countywide effort to address the potential of West Nile Virus in Mendocino County; supported a network of public outlets for people to obtain mosquito fish, and provided regular public service announcements on West Nile Virus prevention. In partnership with the "Surf Riders" collected ocean water samples and provided water quality status on a 24-hour phone line. Provided monthly food safety certification classes for food facility employees; classes alternating between Ukiah and Fort Bragg. DEH provided information to the public on the impact of Recommended waste water treatment regulations (AB 885). Public opposition led to AB 885 being overturned. Power point presentations on methamphetamine labs and large-scale illegal marijuana grow operations were presented to community groups and local law enforcement and fire agencies. DEH participated in a career fair at the Mendocino County Junior College. Newsletters were mailed out to all facility operators on DEH inventory in two core programs, Consumer Protection and Hazardous Materials.

Practices: Provided efficient and quality service; conducted routine inspections in 2008: 1161 food facility inspections, 224 public swimming pool/spa inspections, 204 well permit inspections, 541 hazardous materials management plan inspections, 170 underground storage tank inspections, 29 small public water system inspections, 14 organized camp inspections, and 19 community fair inspections. DEH responded to 46 hazardous materials incidents and attended regular meetings of the Redwood Empire Hazardous Incident Team (REHIT). 367 site evaluation reports for septic system designs were reviewed and 233 septic permits were issued. 563 building permits were reviewed. 259 citizen complaints concerning liquid waste, food safety, vectors, and solid waste were received and investigated. 331 rabies exposure/bite reports were filed.

HEALTH & HUMAN SERVICES AGENCY

ENVIRONMENTAL HEALTH4011

CARMEL ANGELO, Director

People: One hour monthly staff meetings were held to provide information on current issues, for staff recognition, and to obtain staff input. The three core DEH programs held monthly team meetings to discuss policy issues, improve processes, and share information. Staff attended regular regional technical advisory committees, and participated in local training opportunities.

training opportunities to promote professional development. Monthly staff meetings as well as team meetings will be used to share information and receive input from staff. Managers will be encouraged to spend time in the field with staff conducting routine inspections.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: The Land Use Program will continue holding quarterly stakeholder meetings to discuss new septic regulations and Recommended privatization of nonstandard septic system inspections/monitoring program. The Consumer Protection Program will join the U.S. Food & Drug Administration Standards Program to assess elements of the food facility inspection program in Mendocino County against a statewide baseline. Monthly food handler certification classes will continue alternating between Fort Bragg and Ukiah. DEH will continue to gradually bring agricultural businesses that handle reportable quantities of hazardous materials into the permitting process. With grant money obtained from the State, the third phase of a three year implementation plan to inventory above ground hazardous materials storage tanks will begin by inspecting facilities.

Public Trust: DEH will continue to provide monthly food handler safety certification classes alternating between Fort Bragg and Ukiah. Food facility inspection results will be posted on DEH's web site. Outreach and education will also continue on West Nile Virus prevention. Dead birds reported by the public will be picked up and submitted to State laboratory to test for West Nile Virus. In partnership with Surfriders, ocean monitoring at several popular coastal beaches will occur weekly between April 1 – October 30 and water quality information updated on a 24-hour phone line. Annual newsletters will be mailed out to businesses on DEH inventory. Client satisfaction surveys will be mailed out in a continued effort to improve customer service. DEH will improve its

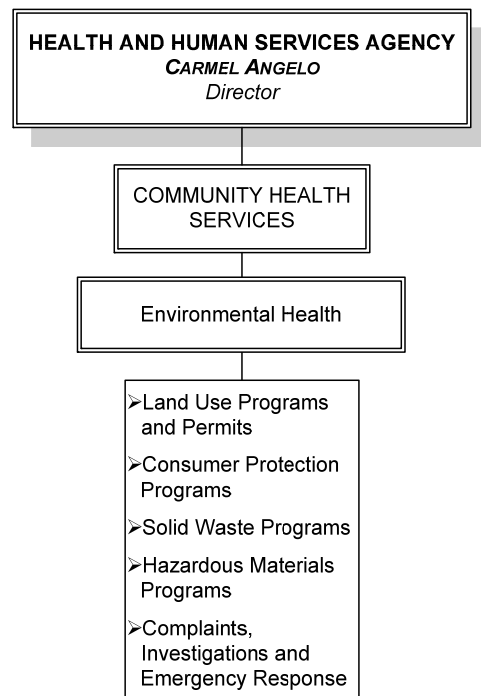

Practices: DEH will focus on its core responsibility of conducting routine inspections and evaluating septic system designs. Emergency responders will maintain an active role in the Redwood Empire Hazardous Incident Team. Citizen complaints will be responded to and investigated in a timely manner.

People: DEH will continue to provide a positive safe work environment through open and honest communication. Staff will be encouraged to attend

HEALTH AND HUMAN SERVICES AGENCY
ALCOHOL & OTHER DRUG PROGRAMS (AODP)..... 4012
CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The overall mission of Alcohol & Other Drug Program (AODP) is to promote healthy behaviors by preventing, reducing and treating alcohol and other drug addiction, abuse and related conditions. Prevention education, intervention and treatment services are provided to County residents of all ages, ethnic and socio-economic groups. AODP's continuum of care is a model that recognizes the essential components of comprehensive AOD core services. The discreet components include: prevention, early intervention, treatment and aftercare services for the recovering community. Furthermore, each component can be applied to each service population, and components, where appropriate, can be coordinated or integrated to provide optimal services.

Public Trust: AODP is committed to the development, maintenance, and continuous improvement of a comprehensive and integrated continuum of alcohol and other drug services.

Practices: Investing in programs that prevent and treat alcohol and drug addiction saves lives and improves the health, safety and well-being of our communities.

People: AODP is committed to providing a systematic process, by which staff are involved, to improve program effectiveness in the accomplishment of program outcome results. The process involves continually monitoring program performance and client outcomes, resulting in positive development in the community.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Started four new grant programs: Comprehensive Life Skills Education for Alcohol Reduction (CLEAR), Sober Truth, Drug Court Enhancement grant and Access to Treatment and Housing Opportunities in the Mendocino Environment (At Home). CLEAR provides prevention, intervention and treatment services for secondary students in the Ukiah Unified School District and MCOE River campus. Sober Truth provides AOD prevention services through youth-driven media and arts in collaboration with Nuestra Casa, Latino Family Resource Center. The Drug Court Enhancement grant has increased the drug court program by expanding treatment staffing levels, broadening eligibility criteria, and strengthening skills in research-based treatment for clients with methamphetamine addictions. At Home project is filling a long-standing gap in county's continuum of care for the homeless. Adults who are homeless and have both

substance abuse and mental health disorders will for the first time have access to integrated treatment, primary health care, wraparound support, and linkage to housing. We have we provided outpatient services to 725 adults, including Prop. 36 clients. The Drug Court Program provided services to 60 clients. The Methamphetamine Treatment for Mendocino Program (MTM) showed statistically significant reductions in drug and alcohol use and an increase in employment for client. This grant ended on February 14, 2009, AODP provided direct treatment services to approximately 80 youth and made approximately 4,000 additional direct and indirect contacts through primary prevention activities. Steer Clear Program (youth drinking and driven prevention) was nominated for a Statewide Office of Traffic Safety Best Practice Award. Youth Services piloted a successful prevention curriculum for elementary school students in Willits. Adolescent Treatment Implemented a successful pilot program (ARIA) for dual diagnosed MCOE students, funded through EPSDT (Early and Periodic Screening, Diagnosis, and Treatment).

Public Trust: AODP services are collaborative efforts, involving other HHSA branches, the Probation Department, Courts, Nuestra Casa, SPACE, MCAVN, The Arbor on Main, tribes, Ford Street Project, Mendocino County Youth Project, schools, several of which have quarterly or other stakeholder meetings. Several programs have robust evaluation components. The Asset-Building Coalition (the main Prevention Collaborative) also evaluates grant programs. The AODP Advisory Board reviews all programs. AODP integrated into three separate branch's on January 11, 2009. Youth Treatment Services integrated into the Children and Family System of Care, Adult Services and Administrative Services integrated into the Adult System of Care and Prevention remained with Community Health Services. The goal of this integration is to make services more efficient, effective, integrated and client-centered.

Practices: All grant projects are evidence based federally recognized model programs. Youth Services have developed strong relationships with most of the County schools and the Office of Education. All Youth Services are collaborative in nature, relying on strong partnerships with schools, community organizations and agencies for coordination and child-centered services. In FY 08/09 AODP Youth Services continued to emphasize integration of prevention, intervention and treatment services. Outpatient Adult services are

HEALTH AND HUMAN SERVICES AGENCY

ALCOHOL & OTHER DRUG PROGRAMS (AODP)..... 4012

CARMEL ANGELO, Director

provided using a validated cognitive behavioral and trauma informed curricula. In Ukiah, where there is a waitlist for adult outpatient services due to understaffing for the referral rate, clients are entered into services using their date of application, a triage point system and State and grant guidelines. Most clients are referred by the Criminal Justice system, with whom there are clear procedures and practices for communication. Relevant programs utilize stakeholder meetings and the AOD Advisory Board to ensure community input.

People: Staff retention is high. All treatment staff are State certified and maintain appropriate CEU's. Staff are valued and are provided with meaningful professional development opportunities. Youth Services have been successful at obtaining new grants, which allow for the retention of staff. We have also been working with HHSA to develop strategies that will produce more stable long-term funding,

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Stabilize long-term funding. Through a continuum of care, provide essential core services to students, parents and communities throughout the County. Re-configure AODP Youth Services: Prevention stays in the Community Health Services Branch; Adolescent Treatment moves to Children and Family System of Care/Mental Health. Work with other HHSA branches to develop a Behavioral Health unit, which will serve the needs of clients with co-occurring disorders with the goal of preventing more serious illnesses.

Public Trust: Re-visit / update Youth Services Strategic Prevention Framework. Advocate for community and school policies that change norms related to substance abuse. Cuts in the County and State budget will affect Prop. 36, perinatal, outpatient and drug court treatment programs. With these cuts in mind we will strive to provide the most efficient services possible.

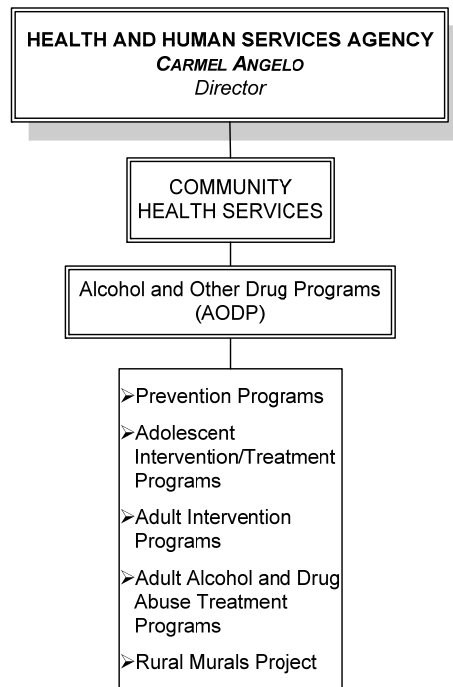

Practices: Continue to integrate, where possible youth prevention, intervention and treatment services. Continue to utilize and clarify where needed, the application of triage measures for the provision of adult treatment services in the face of funding reductions. Continue to serve the general public. Streamline the provision of services to Spanish adult treatment clients in order to continue services with reduced funding.

People: Utilize Trilogy for all required trainings / CEUs for treatment staff except where grant funded. Continue to provide opportunities for professional development.

STAFFING CHART

PROGRAM CHART

HEALTH AND HUMAN SERVICES AGENCY
ALCOHOL & OTHER DRUG PROGRAMS (AODP)..... 4012
CARMEL ANGELO, Director

SUMMARY OF MAJOR BUDGET ACCOUNTS

Salaries & Employee Benefits

- ◇ Acct. 1011 Provides funding for 63.71 including grants positions of approximately 18 positions funded through BU 4012.

Other Charges

- ◇ Acct. 3119 Provides for payment to other agencies for contracted services (i.e. Ford Street, Nuestra Casa).

Expenditure Transfer & Reimbursement

- ◇ Acct. 5380 Provides for transfer from Social Services.

Revenues

- ◇ Acct. 3205 Provides for transfer from each of two Drug/Alcohol Fine Designated Reserve
- ◇ Acct. 3206 Funds managed by the Department.
- ◇ Acct. 6265 Provides funding from private pay client billings.
- ◇ Acct. 7700 Provides for administrative reimbursements from the Employee Assistance Program and various grants.

CEO RECOMMENDED BUDGET COMMENTS

The CEO recommends funding as submitted by the Department. As part of Phase I, II, and III recommendations for cuts this year, 1 FTE Community Health Worker II and 1 FTE Community Service Specialist were approved for layoff, and in addition \$(100,000) in Net County Cost was reduced as a strategic plan over the next 5 years to reduce the General Fund contribution to this budget.

HEALTH AND HUMAN SERVICES AGENCY

PUBLIC HEALTH NURSING 4013

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The Public Health Nursing Division of the Community Health Branch of the Health and Human Services Agency is in partnership with the community to safeguard and promote the health and wellness of the people of Mendocino County.

The Public Health Nursing Division oversees health promotion and nursing activities, some state mandated, some grant funded and some discretionary. Public Health Nursing staff provide community and individual health assessments, health education for behavior change, interagency collaboration, disaster preparedness and information regarding medical and health concerns. Public Health is mandated to investigate communicable disease reports and perform activities to protect the health of the public including the treatment of individuals with active tuberculosis and other communicable diseases. Child and adult immunizations are provided in clinics in the county. Public Health Nurses are mandated to contact families and childcare providers who have experienced a death from SIDS to provide an assessment, crisis intervention and counseling, referrals to community services and submit a report to the California SIDS Program. Grief support is also offered to others in the community who experience the death of a child. Infants at risk for developmental delay due to medical or social problems or perinatal chemical exposure are visited by Public Health Nurses trained to assess and intervene with parent education and refer to appropriate services. Public Health Nurses also make home visits to provide parent education about child growth and development, health, immunizations, nutrition, exercise and parenting skills. Developmental screenings are done and appropriate referrals made. Programs to assess the health needs of women of childbearing age, children and adolescents and to assure access to quality health services and provide case management services to pregnant women and teens are available through Public Health Nursing. Nursing is involved in many community and agency collaborations that address the health of individuals and the community.

Public Trust: Promote and protect the health of the people of Mendocino County using knowledge from nursing, social and public health sciences.

Practices: Provide population-based assessment, policy development and assurance processes and nursing practices that are population focused and community based.

People: The Nursing Division will promote employee skill development to foster autonomous functioning

within the scope of practice to support professional growth and support involvement in decision-making activities related to their work.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: The Maternal, Child and Adolescent Health (MCAH) Program facilitates the Partnership for Healthy Babies (PHB), addressing perinatal substance abuse prevention. A Fetal Alcohol Spectrum Disorders (FASD) for Caregivers course was developed and presented by the CHS in collaboration with Mendocino College. MCAH continued to provide county coordination for a Federal Fetal Alcohol Spectrum Disorders Training grant directed by a nationally renowned researcher, involving local prenatal and pediatric providers. The MCAH Program is completing a Five Year Needs Assessment to identify health priorities for the next five years, as well as to assess the capacity of the MCAH system throughout the county to provide the ten essential public health services for women, children, adolescents and their families. The information from this Assessment will be helpful to providers of MCAH services in grant and other funding applications that require a community assessment process.

Immunization Program: The Immunization and Disaster Prevention programs collaborated in a State and Center for Disease Control mass prophylactic exercise. On Nov. 1, 2008 over 400 doses of pediatric and adult flu vaccine were administered to Mendocino County residents. This exercise allowed the Community Health Branch and several community agencies to collaborate and practice their skill and expertise in providing prophylactic treatment in the event of a disaster. The Immunization Program held its first school based flu clinic at Oak Manor School. Approximately 100 students participated and received a nasal or injected flu vaccination. The goal was to decrease absenteeism and keep children healthy.

Communicable Disease (CD) Program: Four pulmonary tuberculosis patients were reported to the Communicable Disease (CD) Program. These individuals have either completed or continued to be followed for six months of antibiotic treatment and 152 individuals were seen in TB clinic for treatment of latent tuberculosis.

The Field Nursing Program staff made 1268 home visits to provide a variety of valuable health related services to individuals and families in addition 75

HEALTH AND HUMAN SERVICES AGENCY

PUBLIC HEALTH NURSING 4013

CARMEL ANGELO, Director

pregnant and parenting teens were provided case management services.

Numerous Public Health Nurses responded to childhood death through family and community contacts to provide education and support.

In 2008-2009 the Car Seat Program distributed 200 child safety seats utilizing Kids Plate Grants and funds collected through seat distribution and car seat violation fines. Seats were distributed through HHSA Community Health Services and community partners throughout the county.

Suspension of services at the Public Health Lab for a period of three years was accomplished with minimal effects on the community through entering MOUs with Ukiah Valley Medical Center and Sonoma County Public Health to provide alternative services in an efficient and effective manner.

Public Trust: Many of the services and planning activities that the nursing staff were involved with served to maximize its staffing and fiscal resources to provide the best possible integrated services to children, families, adults, and the community as a whole in Mendocino County and this process will continue with further agency formation.

Practices: The public health nursing practices provided by the nursing staff promoted and protected the health of clients, families and the community.

People: A smooth transition through coordination and training of nursing staff was made that promoted the high standard of care and continuation of vital services in the Family Planning Program.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Programs within the nursing division will monitor the health status of the all individuals in the community by providing outreach to assist individuals in accessing health and supportive services. Utilizing the Five Year Needs Assessment to develop plans to address identified capacity needs and priorities such as overweight children and youth, perinatal substance abuse, child abuse and neglect and health insurance access for children.

In 2009 Mendocino County as part the Northern California Immunization Registry of California (INNC) will be directly linked to the California State Health Department Immunization Branch so that any county in California will be able to access immunization records for an individual that has moved to their county from Northern California.

Due to positional asphyxia being a significant cause of child deaths in Mendocino County, Nursing staff will

collaborate with other community partners to develop a county wide Safe Sleep Campaign to promote safe sleep practices for infants including providing safe sleep environments for infants at no cost.

As HHSA integration efforts progress, resources available to sustain services, create efficiencies and support nursing staff in the branches will be maximized through a nursing reorganization process. Due to budget constraints several Public Health Nursing positions are vacant necessitating changes to meet the Public Health Nursing needs of the community

Reporting relationships and scope of nursing practice issues will be examined and changes made to preserve the integrity of the Nursing Practice Act.

The nursing classification study recommendations to establish alignment among like classifications will be completed.

Public Trust: The nursing division will enhance the health of the County of Mendocino through assessment, education, case management, referral and interagency collaboration.

Practices: Nursing activities will include health education, assessment of health care needs, case management services to individuals and families who are members of vulnerable populations and high risk groups.

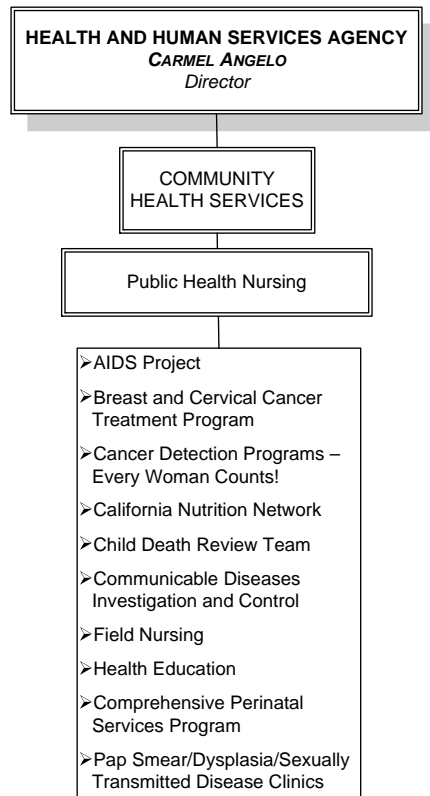

People: Nursing staff will provide essential input to interdisciplinary programs and groups that provide services to at risk populations.

STAFFING CHART

EMERGENCY MEDICAL SERVICES 4016

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: Under Section 1797.200 of the Health and Safety Code, a County, which chooses to develop an Emergency Medical Services (EMS) program, must designate a local EMS agency. The three counties of Mendocino, Napa and Sonoma make up the Coastal Valleys EMS Region. The Coastal Valleys EMS Agency's Mendocino office is located within Mendocino County's Community Health Services Branch of Health and Human Services Agency (HHSA). The Sonoma County Public Health Department has been designated as the Local EMS Agency (LEMSA) and provides LEMSA administration along with services related to LEMSA responsibilities in close consultation and cooperation with Mendocino and Napa Counties.

Public Trust: The Mendocino Office of the Coastal Valleys EMS Region Agency, with regional staff support, promotes effective and efficient pre-hospital emergency care to the citizens of the County. The Local EMS Agency is mandated by the State to implement and enforce the provisions of Health and Safety Code, Division 2.5 Chapter 4, and Title 22 California Code of Regulations Division 9. The Mendocino Office is mandated by the County to implement and enforce the Mendocino County Ambulance Ordinance (Chapter 9.05 of the Mendocino County Code).

Practices:

- Certification/Re-certification/Accreditation of EMS personnel.
- Approval and monitoring of EMS training programs.
- Approval and monitoring of base hospitals.
- Consult on medical aspects of disaster planning.
- Quality assurance of the EMS medical system: ensuring both prospective and retrospective medical control of EMS personnel and providers.
- Development of standards, policies, and procedures for provision of all aspects of an EMS system, including medical field treatment protocols.
- Updating the local EMS plan and transmitting it and other information to the State annually.
- Data collection & evaluation.
- Implementation of the Mendocino County Ambulance Ordinance.
- Investigation and review of complaints or allegations of wrongdoing within the EMS system.
- Initiating & reviewing disciplinary actions.
- Public education and information programs regarding E-911 & emergency ambulance usage.

People: Coastal Valleys EMS Region Agency staff develop effective, respectful and efficient relationships

with EMS system stakeholders in Mendocino County, throughout the Coastal Valley EMS region and with other neighboring counties. The Regional EMS Medical Director, as required by Health and Safety Code Section 1797.202, is currently a local doctor.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Enforced local EMS policies and procedures, and monitored all patient care providers participating in the Vital Patient Care Report system. Automated External Defibrillator (AED) program for 19 county facilities was developed.

Public Trust: Maintained review and assistance to ensure compliance of the County ambulance ordinance by permitted providers, and continued oversight of standards and procedures for 911 calls handling by EMS dispatch centers.

Practices: Enhanced mutual EMS aid policies and procedures with neighboring counties, and continued training of medical entities and facilities on disaster plans.

People: Served on the following Mendocino County Committees: Emergency Medical Care Committee; Gang of Five/Homeland Security Committee; Communications; various HRSA committees; Communications; and Child Death Review Committee. Participated and was actively involved in numerous committees, associations, and working groups with regards to EMS, public safety, traffic safety, dispatch, disaster preparedness, trauma audit and public health programs.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Develop a long-term, sustainable plan for Mendocino County EMS that will take the County beyond 2010, and continue to develop Mendocino County EMS subsidy plan in conjunction with the Executive Office, Health and Human Services Agency, and the Board of Supervisors. A greater EMS systems approach by Mendocino County stakeholders will be developed.

Maintain an EMS for Children (EMS-C) program in Mendocino County, and maintain the EMS for Children (EMS-C) guidelines in conjunction with the regional EMS Agency EMS-C program, funded by a grant from the State of California EMS Authority.

HEALTH & HUMAN SERVICES

EMERGENCY MEDICAL SERVICES 4016

CARMEL ANGELO, Director

- Continue development of standards and procedures for EMS call handling by dispatch centers.
- Assess ongoing needs and disbursement of SB 1773 funds for support of pediatric trauma care in Mendocino County.

Public Trust:

- Ensure compliance of EMS policies, procedures, ordinances, and laws.
- Continue enforcement of the County Ambulance Ordinance.
- Continue participation in, and advocacy for, Mendocino County in all CVEMS regional EMS system planning and activities.
- Ensure all first responders, providers and ancillary service providers in the EMS system are knowledgeable in disaster preparedness plans and operations.
- Ensure complete and competent dispatch services for EMS related incidents.
- Enforce all policies, procedures, ordinances, and laws within the EMS system.

Practices:

- Development of medical disaster plans.
- Better medical recordkeeping by EMS providers leading to enhanced EMS system data analysis.
- Review, revise, and clarify the County Ambulance Ordinance.
- Review, revise and update CVEMSA regional policies, procedures and protocols and ensure compatibility with Mendocino County's unique system demands.
- Review and revise County medical disaster plans.

- Conduct regularly scheduled disaster exercises, both tabletop and functional countywide.
- Greater participation in State OES Region II as the Mendocino County Medical/Health Operational Area Coordinator (MHOAC).

People:

- Working with the Executive Office, HHS and regional Coastal Valleys EMS Agency staff, develop an EMS Working Group that will review the current system and assess ongoing and future needs.
- Continue proactive representation of Mendocino County in State OES Region II.
- Develop the role of the Medical Health Operational Area Coordinator (MHOAC).
- Develop excellence in the Mendocino County EMS system through greater stakeholder participation in system analysis and improvement.

STAFFING CHART

SUMMARY OF MAJOR BUDGET ACCOUNTS

Salaries & Employee Benefits

✧ Acct. 1011 Provides funding for one (1) position.

Services & Supplies

✧ Acct. 2239 Provides for medical supplies.

Other Charges

✧ Acct. 3280 Provides funding for payment to Sonoma County for EMS services.

Revenues

✧ Acct. 3204 Provides for the EMS share of revenue received from a \$3 assessment levied on certain Vehicle Code fines and forfeitures.

✧ Accts. 5472 & 6361 Provides for per-call fees paid by ambulance companies and local hospitals.

CEO RECOMMENDED BUDGET COMMENTS

The CEO recommends funding as submitted by the Department. This budget maintains a Maintenance of Effort (MOE) of \$255,386. This year, the Coastal Valley contract was terminated, and the duties of the coordination of this program will be absorbed by staff.

HEALTH AND HUMAN SERVICES AGENCY

MENTAL HEALTH BRANCH4050

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The Mendocino County Mental Health Branch (MHB) serves the people of Mendocino County whose lives are affected by serious and chronic mental illness. The Branch strives to deliver services in a respectful, responsive and efficient manner and with sensitivity to cultural diversity.

The goal is to educate staff, individuals, families and the community about mental illness and the hopeful possibilities of treatment and recovery. Those served are supported in the effort to maximize independent living and to improve quality of life through community-based treatment.

In collaboration with other agencies, the aim is to maximize the resources available and attend to concerns for the safety of individuals and the community.

Staff strives to manage fiscal resources effectively and responsibly while ensuring that productivity and efficiency are important organizational values, which results in maximum benefits for all concerned.

Programs of the Mental Health Branch include:

- Psychiatric Emergency Services - Countywide
- Adult assessment and case management for the chronically and seriously mentally ill
- Therapeutic and case management services to youth and their families
- Vocational Rehabilitation
- “Wraparound” Services to families with children experiencing serious emotional disturbance
- School based day treatment programs for identified students
- Early intervention to Birth-to-Five Children
- Medication assessments and ongoing monitoring to clients of the Branch
- Integrated Homeless Services outreach and engagement
- Full-Service Partnerships as identified/funded in Mental Health Services Act
- Bureau of Justice (BOJ) Inmate Release Planning
- Peer mentoring/drop-in center(s)
- Quality Assurance & Improvement/MH Plan oversight for MediCal Utilization & Client benefits eligibility

Public Trust: Principals of public trust are first, cultural competency and respecting differences. The agency will support and develop the ability of staff to work effectively in diverse and multi-cultural environments, through policies, programs and actions that communicate respect for the dignity of all people, and second, through transparent and effective communication.

To achieve transparent and effective communication, open, honest, direct and respectful communication will be the standard for interactions with each other, with clients and with the community. Transparency requires that information will be available to staff and it will be clear, how and why decisions are made.

Program accountability services will be provided through a system incorporating outcome evaluation, to ensure accountability for resource management and adherence to regulatory and statutory compliance.

The Mental Health Branch continues to participate in the Mental Health Board and the Mental Health Services Act (MHSA) Stakeholders committee to examine what is working for clients and where changes can be explored that would better meet the needs of clients. The branch managers actively participate in community meetings and forums focusing on housing, health care, employment and educational needs of mutual clients.

Practices: Federal and/or State laws mandate all of the ongoing services provided by the Branch. Federal and State codes and regulations set eligibility criteria and support services for each program; funding allocations from the State limit the levels of service and staffing available. The budgeting process for MediCal funding is challenged by the State’s complex and years’ long auditing procedures.

The most current legislation just recently codified into law requires Mental Health to adopt a recovery-based model which requires active participation from clients whenever possible. Frequently the capacity of the individual requires medical intervention model with the intent to transition to recovery as the client becomes well enough to actively participate.

People: The Health and Human Services Agency (HHSA) acknowledges the value of its employees and will seek to maximize those aspects of the work environment that support employee health, satisfaction and positive morale. The HHSA will aim to retain valued staff, through skills development opportunities, greater involvement in decision-making and expanded scope of responsibility. Staff will have opportunities to participate in decisions related to their work, since their knowledge and understanding are valuable to the organization. Staff will be provided training and work opportunities that support personal and professional growth. The MHB actively hires and supports mental health consumers as required by State regulations.

HEALTH AND HUMAN SERVICES AGENCY

MENTAL HEALTH BRANCH.....4050

CARMEL ANGELO, Director

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs:

➤ Probation Alternatives with Counseling and Education - PACE – Through a concerted effort from Probation, Mental Health, Education and Alcohol and Other Drug Program, the enrollment in this program has continued to increase to fiscally support the required staffing. The addition of Family Strengths “Wraparound” services to non-MediCal youth has also increased the financial support for the program, reducing the historical use of Children’s System of Care (CSOC) trust funds.

➤ Early Intervention for Birth-to-5 – Through partnership with First 5, the Branch has increased the numbers of 0-5 year olds who are receiving family therapy to increase their possibility for successful school entry.

➤ Full-Service Partnerships – MHB has 75 slots for full-service partnerships, essentially a “wraparound” approach for adults, and has received an expansion of 25 additional slots to support the coming year’s strategy to bring clients placed in out-of-county board and care facilities back to Mendocino where with intensive case management and supports they can be transitioned to less expensive and more independent settings. Case managers have been co-located at community health clinics in Ukiah and Willits to work collaboratively with the medical providers to ensure that seriously mentally ill clients who are at risk or homeless and who are frequently challenged with co-occurring disorders of substance abuse and mental illness can be engaged in full-service partnerships to provide the intensive services required to avoid costly hospitalizations or placements.

➤ Adult & Older Adult System of Care –The formal transition from the former Mental Health and Social Services silos to the Adult and Older Adult System of Care was successfully accomplished.

➤ Transitional Aged Young (TAY) Adult System of Care - TAY Wellness through contract with Redwood Children’s Services and in collaboration with Agency and community partners has been launched resulting in housing and intensive case management services for 6 seriously mentally ill young adults.

➤ Family Strengths - The Family Strengths “Wraparound” Program staff was transferred to the Social Services Branch (SSB), resulting in a significant savings to the Mental Health Branch and supporting the continued goal of fully implementing the Children and Families System of Care.

➤ AT HOME – The AT HOME project was awarded with SAMHSA funding, which will establish an integrated Alcohol and Other Drug/behavioral health program for homeless individuals with co-occurring substance abuse and mental health disorders.

➤ FORENSIC TREATMENT – Established an integrated HHS forensic treatment and re-entry program that reduced the recidivism rate at the jail.

➤ HOSPITAL TREATMENT – Reduced the number of hospital admissions by 26.2% for adult mental health clients.

➤ PRODUCTIVITY – Met productivity goals for mental health clinicians and rehabilitation specialists, which resulted in additional revenue for mental health services.

➤ ANKA PROGRAM – Established a local, 12-bed board and care facility to support the provision of intensive services, funded through MediCal, to clients to allow their transition to less intensive and costly placements. Establishment of supportive housing through County master leasing that addresses the critical housing shortage that increases risks for hospitalization and IMD placements

Public Trust: Services have been enhanced for Latino and Native American communities. Training has been provided in collaboration with the communities to address cultural diversity. Implemented the Children’s System of Care sub-committee, Youth Embracing Transition Towards Independence (YETTI) to the Transitional Aged Youth system of care to provide intensive case review and recommendations for ongoing service. Provided early mental health services to over sixty 0-5 year olds.

Practices: The MHB continued to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding.

People: MHB worked to provide the public and private organizations and clients a fully develop systems of care for both families & children and adults and older adults.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Expansion of 25 additional full-service partnership slots to provide intensive “Wraparound” support for the seriously mentally ill, who are homeless or most at risk to be homeless.

HEALTH AND HUMAN SERVICES AGENCY

MENTAL HEALTH BRANCH.....4050

CARMEL ANGELO, Director

➤ Fully implement the Transitional Age Young Adult System of Care ensuring that young adults with serious mental illness and/or those who have aged out of foster care receive the most comprehensive and supportive services available to avoid incarceration, hospitalization, or homelessness.

➤ Implement the Workforce Education and Training Component (WET), which essentially supports community participation in the Trilogy Online learning and dedicated scholarships to support building clinical capacity for Mendocino County with dedicated funding for Latino, Native American and current staff.

➤ Develop with community partners, a plan for use of Prevention and Early Intervention funds through MHSA to address needs of children and/or young adults with first break psychiatric illness.

➤ Consolidate, through assessment and recommendation of public/private partners, resource centers for seriously mentally ill clients.

➤ Successfully implement new behavioral health program, AT HOME, in the inland area of the County.

Public Trust: MHB will partner with public and private organizations and clients to fully develop systems of care for both families & children and adults and older adults. The MHB will continue to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding.

Practices:

➤ The MHB will continue to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding. The Branch will continue to focus on the provision of services to the broadest geographical area possible and to the historically underserved populations. Increase the Transitional Aged Young (TAY) Adult System of Care - TAY Wellness contract with Redwood Children’s Services by an additional 6 seriously mentally ill young adults.

➤ Continue the process of moving mental health records to a fully electronic record system.

➤ Decrease out-of-County placements and increase the percentage of mental health clients living independently within our community.

➤ Increase access to housing for the most vulnerable clients.

➤ Strengthen the skills and capacity of HHSA mental health workforce through professional training available with MHSA WET funding.

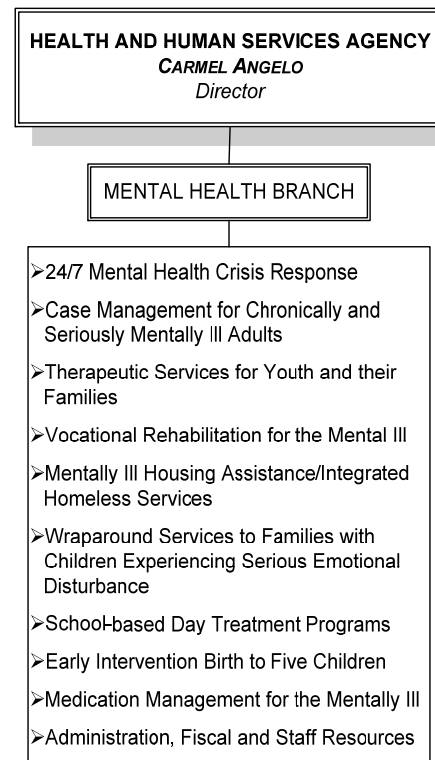

People: MHB will participate in intra-agency training to fully develop systems of care. When applicable, community partners will be invited to join in training

and planning for the most robust and sustainable services and delivery systems.

STAFFING CHART

PROGRAM CHART

HEALTH AND HUMAN SERVICES AGENCY
MENTAL HEALTH BRANCH.....4050
CARMEL ANGELO, Director

SUMMARY OF MAJOR BUDGET ACCOUNTS

Salaries & Employee Benefits

- ✧ Acct. 1011 Provides funding for 71 positions. (May use salary savings for vacant positions to offset anticipated loss in revenue for projected deficit.)
- ✧ Acct. 1012 Provides for Crisis Worker and the HSW driver pool for unanticipated shift coverage or hospitalizations.

Services & Supplies

- ✧ Acct. 2189 Provides for contract psychiatrists, interim Mental Health Branch Director contract, compliance monitor contract and contracts with various local agencies for services provided to the Mental Health Branch.

Other Charges

- ✧ Acct. 3113 Provides for payment to hospitals and other locked facilities for the support and care of patients.
- ✧ Acct. 3115 Provides for direct client services provided to MediCal beneficiaries by Managed Care outpatient providers, medical clearances provided by local hospitals, and the cost of Hearing Officers for legal proceedings carried out in acute hospitals on behalf of Mendocino County residents
- ✧ Acct. 3119 Provides for payments to groups homes, adult board and care facilities, and in-County organizational providers for support and care of Mendocino County patients. The increase reflects additional MediCal-eligible services and is offset by revenue.

Expenditure Transfer & Reimbursement

- ✧ Acct. 5380 Provides for reimbursements from other County departments (Social Services, and Sheriff) for services provided by Mental Health. CEO recommendations to fund \$288,000 of general fund for services provided to the Jail not reimbursed by the Jail budget for this year back to providers.
- ✧ Acct. 5802 Primarily payment of A-87 overhead costs to County General Fund.

Revenues

- ✧ Acct. 5330 State Revenue – non-MediCal.
- ✧ Acct. 5331 MediCal revenue generated by the Mental Health Branch and pass-through to Organizational Providers.
- ✧ Accts. 5150 & 5342 Provides for realignment revenue.
- ✧ Acct. 7700 Provides for revenue from intra fund transfers within the agency.

CEO RECOMMENDED BUDGET COMMENTS

The CEO recommends funding as submitted by the Department. This budget has increased jail costs for services provided to the Jail for \$128,000. It is anticipated that \$288,000 general fund contribution from 2008-09 to this budget will offset the increase in costs for services provided to the jail.

As the State continues to cut MediCal reimbursements, the Director and the Board of Supervisors may need to review a long term plan to completely review a new model of Mental Health Services provided to the community. This program continues to maintain a deficit each year with funds depleting and the Health and Human Services Agency. It is anticipated that \$288,000 general fund contribution from 2008-09 to this budget will offset the increase in costs for services provided to the jail.

HEALTH AND HUMAN SERVICES AGENCY

MENTAL HEALTH SERVICES ACT.....4051

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The Mendocino County Mental Health Branch (MHB) serves the people of Mendocino County whose lives are affected by serious and chronic mental illness. The Branch strives to deliver services in a respectful, responsive and efficient manner and with sensitivity to cultural diversity.

Public Trust: The Mental Health Branch continues to participate in the Mental Health Board and the Mental Health Services Act (MHSA) Stakeholders committee to examine what is working for clients and where changes can be explored that would better meet the needs of clients. The branch managers actively participate in community meetings and forums focusing on housing, health care, employment and educational needs of mutual clients.

Practices: Federal and/or State laws mandate all of the ongoing services provided by the Branch. Federal and State codes and regulations set eligibility criteria and support services for each program; funding allocations from the State limit the levels of service and staffing available.

People: The Health and Human Services Agency (HHSA) acknowledges the value of its employees and will seek to maximize those aspects of the work environment that support employee health, satisfaction and positive morale.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Outreach to Underserved Populations – Through use of Mental Health Services Act funds therapeutic services to the Latino and Native American populations has been increased. Needs assessments have been completed for the Covelo area, and funding was provided to conduct an elder wellness outreach program through Round Valley Indian Health Clinic.

Public Trust: Community stakeholders have actively contributed to development of the Mental Health Service Act funding process to enhance and expand services for the seriously mentally ill in Mendocino County.

Practices: The MHB continued to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding. The Branch will continue to focus on the provision of services to the broadest geographical area possible and to the historically underserved populations.

People: MHB participated in intra-agency training to fully develop systems of care. When applicable, community partners were invited to join in training and planning for the most robust and sustainable services and delivery systems.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Consolidate, through assessment and recommendation of public/private partners, resource centers for seriously mentally ill clients.

Public Trust: MHB will partner with public and private organizations and clients to fully develop systems of care for both families and children and adults and older adults. The MHB will continue to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding.

Practices: The MHB will continue to participate and provide leadership in the planning and implementation of expansion and development of new programs through MHSA funding. The Branch will continue to focus on the provision of services to the broadest geographical area possible and to the historically underserved populations.

People: MHB will continue to participate in intra-agency training to fully develop systems of care. When applicable, community partners will be invited to join in training and planning for the most robust and sustainable services and delivery systems.

HEALTH & HUMAN SERVICES AGENCY

HOSPITAL AND MEDICAL SERVICES4070

CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The Health and Human Services Agency (HHS) Community Health Services Branch is responsible for this budget unit.

County Medical Services provides funding for participation in the County Medical Services Program (CMSP) that serves the County medically indigent population and the MADDY EMS fund reimburses hospitals and physicians for uncompensated emergency room services with vehicle violation fees and State funds.

Public Trust: Provides access to care for patients and provides compensation to offset medical provider losses.

Practices: Promotes the healthy community model for the County.

People: Support and sustain a viable medical delivery program and protect community medical resources.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Expenditures on behalf of Mendocino County CMSP beneficiaries far exceeded the amounts paid into the program. Mendocino County contributes \$1.9 million in Realignment and county funds, \$10.9 million of medical services were provided to Mendocino County eligible clients in 06/07. Community Health Branch Director appointed to the CMSP Planning and Benefits committee. Distributed SB 1773 (Maddy EMS Program) funds from vehicle violation fees to hospitals and physicians for uncompensated emergency care.

Public Trust: CMSP funded 11 clinic behavioral health pilot projects to test the effectiveness of primary care driven substance abuse and mental health treatment. CMSP has provided an organized healthcare delivery system program by contracting with Blue Cross. Maddy Program Distributed \$41,281 in additional funding from SB 1773 to physicians and hospitals.

Practices: CMSP case management service coordinated and assisted clients in managing their personal health conditions. MADDY EMS funds were distributed based on a uniformed procedure rate.

People: CMSP hired a Medi-Cal disability referral nurse to identify potential clients. MADDY EMS funds were distributed to eligible hospitals and physicians.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Continue to participate in the CMSP Program and serve on the CMSP Planning and Benefits committee. Continue to administer the MADDY EMS Fund.

Public Trust: Complete the clinic behavioral health pilot projects to test the effectiveness of primary care driven substance abuse and mental health treatment. Assure that CMSP clients who are eligible for Medi-Cal and other public or private programs are appropriately linked in order to promote CMSP's role as a secondary payer. Collect and distribute funding from the MADDY EMS program.

Practices: Assure CMSP clients receive medically necessary services in a manner that promotes timely delivery with the appropriate providers. Administer and implement changes to the MADDY Program as required by legislation.

People: Provide Mendocino County indigent population with quality, accessible services. Provide payments for uncompensated emergency room care, helping to ensure the viability of emergency care in the County.

HEALTH & HUMAN SERVICES AGENCY
HOSPITAL AND MEDICAL SERVICES4070
CARMEL ANGELO, Director

SUMMARY OF MAJOR BUDGET ACCOUNTS

Other Charges

- ✧ Acct. 3113 Provides for payment of Mendocino County's participation fee which must be paid out of the General Fund (\$247,572), a risk allocation assessment paid out with realignment funds (\$132,890), and the statutorily capitates contribution (\$1,655,000) to County Medical Services Program which is paid for with realignment revenues.
- ✧ Accts. 3152, 3154 Provides for payments to hospitals and physicians for uncompensated care from the Emergency Medical Services Trust generated from Ambulance Franchise holders, vehicle code violations and Tobacco Tax Funds (Prop 99).

Revenues

- ✧ Acct. 5341 Provides for Public Health realignment revenues dedicated to indigent health care.

CEO RECOMMENDED BUDGET COMMENTS

The CEO recommends funding as submitted by the Department. This budget maintains a Maintenance of Effort (MOE) of \$247,572. This year, the payment for the MOE was reduced for the County's participation fee due to prior year credit overpayment by counties to the State however realignment dollars were reduced as well; therefore the General Fund Contribution remained the same.

HEALTH & HUMAN SERVICES AGENCY
CALIFORNIA CHILDREN'S SERVICES4080
CARMEL ANGELO, Director

PROGRAM DISCUSSION

Programs: The mission of Children's Medical Services is to assure the health of Mendocino County's children through access to services for all children.

Public Trust: The principles of Public Trust are to establish and maintain systems of resource accountability and to ensure statutory and regulatory compliance.

Practices: In partnership with health care providers, staff works to ensure that quality services are available to children in the community.

People: Children's Medical Services fosters a team environment that empowers staff to take advantage of training opportunities that support a highly capable and integrated workforce.

MAJOR ACCOMPLISHMENTS IN F/Y 2008-09

Programs: Children's Medical Services provided medical case management to an average daily caseload in excess of 519 clients; supported 24 local medical provider offices who provide preventive health care to eligible children; provided care coordination for over 300 children in foster care, and for children enrolled in Medi-Cal who received a well child exam which documented a condition requiring follow-up services; and provided education, investigation and follow-up services to populations at risk, or affected by exposure to lead.

Public Trust: Balanced program budgets while absorbing a 34% decrease in the State and Federal Fund allocations for the CCS Program, and a 10% decrease in the State General Fund allocation for the CHDP Program.

Practices: Reorganized workflow and priorities to accommodate a workforce reduction of more than 30% in the CCS Program, while maintaining medical eligibility and case management timelines. The CHDP Program implemented a new Care Coordination Tracking System to provide more efficient services and more consistent reporting data.

People: Provide cross-program education and training to staff, thus facilitating shared program responsibilities that allows limited staff to meet the needs of all Children's Medical Services programs.

GOALS/OBJECTIVES FOR F/Y 2009-10

Programs: Develop additional data tracking systems to allow us to accurately evaluate the effectiveness and success of the interventions and activities performed by

Children's Medical Services. This data will be reported via the State Children's Medical Services Performance Measures Report.

Public Trust: Maintain essential services, despite greatly reduced funding and staffing levels resulting from the FY 08-09 State budget cuts. Implement provider outreach and education program to ensure that CCS and CHDP providers are appropriately claiming for authorized services.

Practices: Develop a Children's Medical Services Newsletter to be distributed to families, providers and partner agencies with a focus on outreach, education and best practices.

People: Develop and maintain a Children's Medical Services Reference Manuals, including CCS Procedure Manuals focusing on Financial/Residential/Medical Eligibility, and a Child Health & Disability Prevention (CHDP) Program Manuals.

HEALTH AND HUMAN SERVICES AGENCY
WOMEN, INFANTS, AND CHILDREN PROGRAM (WIC) 0418
CARMEL ANGELO, Director

GRANT DESCRIPTION

The purpose of the program is to improve and maintain the health of income eligible (185% or less of the Federal Poverty Level, or Medi-Cal) pregnant, postpartum and breastfeeding women, infants and children less than 5 years of age who have a nutritional need. The program provides special checks for specific, nutritious foods; nutrition assessment and education; and breastfeeding education and support to assist with growth and development during these times of critical need.

GRANT INCEPTION DATE June 1975

CURRENT GRANT PERIOD October 1, 2008 to September 30, 2009 (FFY)

SOURCE OF FUNDS U. S. Department of Agriculture through the
California State Department of Health Services

CONTINUITY OF GRANT Ongoing annual allocation

GRANT RESTRICTIONS AND PROVISIONS

Does the grant allow for indirect or overhead costs? Yes
If yes, is there a maximum? 10% of Salaries only (no Benefits)
Does the budget include the maximum amount? Yes

HEALTH & HUMAN SERVICES AGENCY
SUBSTANCE ABUSE & CRIME PREVENTION ACT0431
CARMEL ANGELO, Director

GRANT DESCRIPTION

This allocation is used to fund the Substance Abuse & Crime Prevention Act, which was approved by voters in November 2000 as Proposition 36, is to divert non-violent probationers and parolees charged with simple drug possession or drug related offenses from incarceration to community-based Alcohol and Other Drug treatment services. The Act's aim is to enhance public safety by providing effective substance abuse treatment, thus reducing drug-related crime and preserving jails and prisons for serious and violent offenders.

GRANT INCEPTION DATE January 1, 2001

CURRENT GRANT PERIOD July 1, 2009 through June 30, 2010

SOURCE OF FUNDS State of California, Department of Alcohol & Drug Programs

CONTINUITY OF GRANT Fiscal Year 2005-06 was the final year of 5 years authorized by the Proposition 36 initiative. A 10% reduction from 2007-08 was reflected in Proposition 36 allocation for fiscal year 2008-09, same level of funding estimated for 2009-10. Revenue includes estimated \$39,922 transfer in from BU #4012. The estimated cost for serving mandated Prop 36 clients is in excess of revenue by \$39,922.

GRANT RESTRICTIONS AND PROVISIONS

Does the grant allow for indirect or overhead costs? Yes
If yes, is there a maximum? No, maximum, audit support required
Does the budget include the maximum amount? Yes

EMPLOYEES	(full time equivalent)	Grant Funded	General Fund
Substance Abuse Counselor II	1.00	100%	0%
Staff Assistant III	1.00	100%	0%
Deputy Probation Officer I	.75	100%	0%

In addition, outpatient treatment (counseling) and clerical staff will be allocated to SAPCA personnel costs to the extent that the outpatient client population is composed of SACPA referred clients. The personnel costs equate to 4.60 full time equivalent positions.

FAMILY PLANNING/HIV SERVICES 0488

CARMEL ANGELO, Director

The CFHC (Title X) contract for CY2009 states the “CHFC indirect cost rate recovery policy allows agencies with approved DHHS negotiated rate to charge the prevailing approved rate. Agencies that utilize non-DHHS approved rates (i.e. state, county, local government rates) are limited to their actual rate or 18.7% of total direct costs less capital equipment, subcontracts, and patient care, whichever is less. For indirect costs to be applied to the contract funds, a copy of the indirect cost rate would need to accompany the grant application for CY2009 to be completed in July 2009.

The Ryan White grant reimburses for defined services rendered. There is no allowance for indirect costs, and the budget includes the maximum amount.

The HIV/AIDS Testing allocation reimburses at a flat rate per test done, to a maximum amount. The Surveillance and Drug Assistance programs are for direct services only and do not allow for indirect cost.

EMPLOYEES	(full time equivalent)	Grant Funded	General Fund
Health Program Tech	2.0	100%	0%
