RE: ADOPTION OF THE RESOLUTION APPROVING AMENDMENT NO. 3 TO BOARD OF SUPERVISORS (BOS) AGREEMENT NO. 12-011/DEPARTMENT OF TRANSPORTATION (DOT) AGREEMENT NO. 110101, FOR ADDITIONAL RIGHT-OF-WAY SURVEY STAKING, WITH MGE ENGINEERING, INC., FOR A TOTAL AMOUNT OF \$2,400, FOR THE DESIGN OF THE MUIR MILL BRIDGE REPLACEMENT OVER BAECHTEL CREEK ON MUIR MILL ROAD, CR 301C (WILLITS AREA)

Honorable Board Members:

Mendocino County Department of Transportation Project No. 3041-B1003 provides for the replacement of the functionally obsolete bridge over Baechtel Creek on Muir Mill Road, CR 301C, with a new single-span, cast-in-place concrete box girder bridge. MGE Engineering, Inc. was hired to provide the plans, specifications, and estimate package for this project.

As part of the property acquisition, additional right-of-way staking is needed to approximately delineate the property lines for the property owner. This work is an additional item and requires additional funds. Amendment No. 3 will provide for these services for a total amount of \$2,400. The adjusted total is a not-to-exceed amount of \$397,100, within the required timeframe.

I recommend and request the Board approve Amendment No. 3 to BOS Agreement No. 12-011/DOT Agreement No. 11010, for additional surveying with MGE Engineering, Inc., for design of the Muir Mill Bridge replacement over Baechtel Creek. DOT staff has prepared a draft Resolution, which provides for said authorization, for the Board's consideration and adoption. Attached are four complete sets of Amendment No. 3 for the Board's review and approval.

I will, of course, respond to any questions that the Board may have.

Respectfully submitted,

HOWARD N. DASHIELL
Director of Transportation
