Dear Members,

The Mendocino County Board of Supervisors is in support of the application by Cycked for a planning grant from Caltrans. This grant will be used for mapping, engineering, surveying, and bookkeeping in furtherance of a project to build a walking and biking path ("The Valley Trail") from Boonville to the coast.

Cycked is a program of the Anderson Valley Community Services District which will oversee the receipt and expenditure of the funds from this grant.

The Valley Trail project is in accord with all of the State Transportation Planning Goals. It will improve mobility and accessibility, support the local economy, enhance public safety and security, reflect community values and enhance the environment.

We urge you to support the application from Cycked.

Sincerely,

John McCowen, Chair
Mendocino County Board of Supervisors
