RE: ADOPTION OF RESOLUTION ESTABLISHING THE TOTAL MILEAGE OF COUNTY
MAINTAINED ROADS AS OF DECEMBER 31, 2011

Honorable Board Members:

Applicable provisions of the California Streets and Highways Code require that in May of each year each County shall submit to the California Department of Transportation any changes to the adopted County Maintained Road mileage during the previous calendar year. In compliance with these provisions, the Mendocino County Department of Transportation has prepared the required documentation.

The County Department of Transportation has recalculated the mileage of County Maintained Roads in the County of Mendocino using current segment length measurements and the most recent functional classifications and determined that the total mileage is 1,010.80 miles, which is 1.03 miles less than reported last May. The changes along with list of County Maintained Roads (or roads with segments of County maintenance) are attached.

Upon adoption of the Resolution, the Department of Transportation will forward the required certifications to the California Department of Transportation for its review and processing.

I will, of course, respond to any questions that you may have.

Sincerely,

HOWARD N. DASHIELL
Director of Transportation
