PREPARED BY: Risk Management Division

---

**MENDOCINO COUNTY  
AIRPORT POLICY**

---

**COUNTY OF MENDOCINO  
AIRCRAFT HANGER POLICY**

1. No dispensing, transfer or storage of flammable or combustible liquids shall be permitted inside of any building or structure. (Uniform Fire Code Sec. 24.103) (As Amended).
2. No flammable or combustible liquids shall be dispensed into or removed from the fuel of an aircraft within any aircraft hanger. (Uniform Fire Code Sec. 24.104) (As Amended).
3. No person shall clean any aircraft, engines or parts of aircraft in an aircraft hanger or within 50 feet of another aircraft, building or hanger with any flammable liquid. (Uniform Fire Code Sec. 24.106) (As Amended).
4. Every aircraft hanger shall be equipped and maintained with metal drip pans under the engines of all aircraft stored or parked therein. (Uniform Fire Code Sec. 24.107) (As Amended).
5. Open flame, flame-producing device of other source of ignition shall not be permitted in hanger. (Uniform Fire Code Sec. 24.108)(As Amended).
6. No person shall run the engine of any aircraft in any aircraft hanger. (Uniform Fire Code Sec. 24.110) (As Amended).
7. No person shall store combustible materials or other hazardous materials in an aircraft hanger. (Uniform Fire Code Sec. 24.112) (As Amended).
8. Use of any fire extinguisher equipment under any circumstances shall be reported to the airport manager. (Uniform Fire Code Sec. 24.113(e)3) (As Amended).
9. Renter promises and agrees to keep said storage hanger orderly and clean at all times.
10. Renter promises and agrees to permit personnel of the Airport staff to enter, inspect, and remove any and all trash and debris that is deemed necessary.
11. Renter shall not make any alterations or additions to hanger without approval of Airport Manager and the written consent of the County of Mendocino.
